## Project Design

Complete this activity below for **at least** three of the topics you identified in the Learn, Solve, Make, Do activity.

Step 1: Complete the chart below.

	Write down the general topic.	Add one or two specifics to the general topic area.	Turn the topic into a question and fine tune it. Questions should not be yes/no or able to be answered with one or two words.	Describe the final product you would have for a project that addresses this question.	Feedback from another person
<b>Example:</b>	Go for a hike	I want to hike at least 3 times a week while still practicing social distancing.	Where can I hike nearby and how can I document my hikes?	The final product will be a collection of photos and a guidebook of the things I see on my hikes. I will make my guidebook about the types of trees, insects, animals and flowers that can be found near my home.	<b>Feedback from Person A:</b> "I love the idea of keeping a guidebook with all of the natural objects you will see. How will you keep track of where you hike?"
<b>#1</b>	<b>Music Reviews</b>	<b>I want to write music reviews on albums I have listened to</b>	<b>How should I format my reviews and where will I post them?</b>	<b>The final product would be a website or book that displays all of our reviews to</b>	<b>I like the idea of writing music reviews on albums. I think that you could</b>

				<i>the public. These reviews will be written and edited by Reece and I.</i>	<i>post the reviews of the albums on social media.</i>
<b>#2</b>	<b><i>Bike Riding</i></b>	<b><i>I want to ride my bike 5 miles every school day</i></b>	<b><i>How do I measure 5 miles and what do I do when there is poor weather?</i></b>	<b><i>The final product would be a complete log of the days that I rode 5 miles, and how much better or faster I have gotten at riding my bike.</i></b>	<b><i>I like the idea of riding your bike 5 miles to school everyday. And to answer your question what would I do if there is poor weather maybe on the weekends when there's no school you could ride 5 miles then if the weather is good</i></b>
<b>#3</b>	<b><i>Playing the guitar</i></b>	<b><i>I want to learn 3 chords, and learn how to play a melody</i></b>	<b><i>Where can I get a guitar, and what should I learn?</i></b>	<b><i>The final product would be me being able to play a song or melody on the guitar that uses 3 chords.</i></b>	<b><i>I think it's a good idea to start playing the guitar. I know that you could wrap the guitar from the Woodbury music store .</i></b>

Step 2: Share your chart with at least one other person and get their feedback. Also give them feedback on their chart.

Step 3: Upload your completed Google Doc to your Launchpad Profile.
