Learn, Solve, Make, Do!

Step 1: Set a timer for 5 - 10 minutes. In that time, list as many things in each category as you can using this chart.

Step 2: Exchange your list with a partner in our class. Carefully read through your partner's ideas.

-Add any new ideas to your own list

-Give your partner feedback on their list

Step 3: **Highlight** three to five of the things from your list below that you would be interested in studying deeper. You should consider the *feasibility* when highlighting. In other words, given your resources, time, materials, and skills, is this a project you can do right now?

Step 4: Click here for directions on how to [Upload your completed document to your Launchpad Profile.](#)

Learn	Solve	Make	Do
Cook GF/CF Foods	My own stomach pain	Make GF/CF Bread	Exercise each day
Learn Time Management	Better ways to help people with disabilities to connect with others	Make GF/CF Cupcakes	Help others with disabilities
Learn Coding for Robotics	Creating different social media platforms for people with disabilities to find people that will be resources to them.	Make Cashew Clusters	Baking foods that I can eat now that I am GF/CF
Learn Electrical Engineering for Robotics			
Learn more about Autism			
Learn how to play guitar			
Learn about creating an app
