Learn, Solve, Make, Do!

Set a timer for 5 - 10 minutes. In that time, list as many things in each category as you can using this chart.

Part 2: Highlight three to five of the things you listed and would be interested in studying deeper. You should consider the *feasibility* when highlighting. Given your resources, time, materials, and skills, is this a project you can do right now?

[Upload your completed document to your Launchpad Profile.](#)

Learn	Solve	Make	Do
Learn a new language	Solve the problem of eating too many snacks!	Make an orchestral song	Clean my room
Learn to cook better		Make a card game	Clean the house
Learn about another culture		Make dinner	
		Make dessert	
		Build/mod a Nerf Gun	
		Make a Movie
